Dear Sir:

Paulette Stover came to our school two years ago and already she is one of our driving forces. She has been actively involved in the development of new art programs, is the chairman of her department, has assumed a leadership of the school through the CSLA, **and is a co-advisor of the Junior Class . She is one of the leaders in our school and her loss will be sorely felt by faculty as well as students.**

I met Paulette through my role as Mentor to new teachers. I observed in her classroom and I visited with her frequently and I must say that it was one of the easiest mentorships I have had. She is an accomplished teacher. My only real role with her was in helping her to become acquainted with the school itself. Her classroom management was/is outstanding. She involves students with her enthusiasm and her obvious knowledge. She is sure of herself without being overbearing. Her sense of humor, her solid common sense, her positive attitude have made her a delight to work with.

This woman is not only a wonderful art teacher, she is a professional in the best sense of the word. She is a model of what teachers strive to be. In twenty years I have never met a better teacher, a finer person. I give her my highest recommendation. If you have any questions, please feel free to call me at school or at home. My home phone number is 661-822-0458.

Yours truly,

Barbara Teague
Chairman of English Department
